

# October Caddis - Stimulator

I'll start with two questions. "Do you use an in-line rotary vise? Are you using it to its full potential?" Whether your answer is "yes" or "no," the purpose of this presentation is to offer ideas on using it for more than just looking at the off side of the fly AND tips on tying with hair.

## Stimulator Materials List

**Hook:** Curved nymph, 3-XL, size 4 to 20

**Thread:** Danville 6/0 brown (70 denier)

**Tail:** Deer or elk hair, stacked, length of gape

**Hackle:** Grizzly

**Body:** Orange dubbing

**Wing:** Deer or elk hair, stacked, length to tail's end

**Head:** Orange dubbing, grizzly hackle
